**Is your family connected to a historic grocery store in our rural villages?
Do you have a story to share about their importance?
Do you dream about the abandoned building in your town coming to life again?**

**WE WOULD LOVE YOU TO PARTICIPATE IN THIS RESEARCH PROJECT!
COMPLETE THE SURVEY, DO AN INTERVIEW, SEND US YOUR IDEAS & TIPS!**

'Revitalizing Rural New Mexico Community Stores' is a project from the UNM Department of Community & Regional Planning. We believe that rural grocery stores are central to our health, culture and local economies - and that they should be protected and restored by and for our communities.

We are collecting stories and photos - speaking with the families who have operated them - and putting together a handbook of tools to for community organizing, policymaking, restoration work, and local business development.
